History

Coe-Brown Northwood Academy, founded in 1867, is a private comprehensive secondary institution offering the highest quality curriculum of studies and athletic opportunities to the residents of Northwood, Strafford, and surrounding towns. Coe-Brown joined the New Hampshire Interscholastic Athletic Association (NHIAA) in 1947, currently competes in Class I, the second largest class in New Hampshire. The Academy has a long history of solid athletic programs that emphasize teamwork and sportsmanship. Coe-Brown teams have competed in 47 state championship events with 21 state titles and 26 runner-up finishes. The Academy has also won 4 NHIAA sportsmanship awards.

Coe-Brown currently offers 18 varsity sports, with 33 athletic teams. Over 200 student-athletes compete per season in athletics. We continue to cultivate awareness that participation in high school athletics is part of the total educational experience.
